EMPIRE FARM

COPAKE, NEW YORK

• EST 1830 •

Empire Farm 1830 is a women owned and led NYS Corporation operating one of New York State's first licensed adult-use cannabis cultivation businesses. Our sustainable practices combine sun, living soil, organic nutrients and supplemental light to produce high quality cannabis year round. We believe in generational farming, agricultural education access for all and land stewardship. Our cannabis farm is lovingly run by our hard-working team who believes in agricultural integrity and giving back!

BLACKBERRIES

This strain brings on a great blend of cerebral stimulation and chill vibes. Consumers say it's a go-to for calming social anxiety, tapping into creativity and better sleep. The dense and sugary buds carry hints of citrus and pine, and when smoked, this strain produce quite a strong head high.

GMO COOKIES

This strain is sugary and sparkly as hell with a smell to back it up - smells like fresh cookies baked in a locker room! The tight, purple-tinted buds elicit a pretty strong high that covers the mind and body. If you're in the mood for a fantastic body high and a case of the warm fuzzies, take this strain for a spin - a connoisseur consumers' fave

FarmOn!
FOUNDATION

STRAIN HIGHLIGHTS

26% THC

Consistent, high range potency.

SATIVA DOMINANT

Energizing combination of head & body high

PUNGENT

Sweet dank odor, in a great way!

WARM FUZZIES

This strain is great at bringing on the body tingles

FarmOn! Milk Money program provides fresh milk to school lunchrooms

Over 25,000 Hudson Valley students receive locally-sourced and ethically-produced milk at their school, with milk going from 'cow to kid' in just 36 hours! Funds generated through the program are fed back into local dairy farming communities.

BLUE COOKIES

Holy smokes, this strain smells and looks amazing! Huge buds with a light blue/purple hue, a strong blueberry nose and very floral undertones. Smokes great and breaks up nice. Hailing from two famous strains, Girl Scout Cookies and Blueberry, it brings a fast and euphoric head high that settles into a state of full body relaxation.

Paying it Forward

Empire Farm has teamed up with its preferred charity, FarmOn! Foundation to expand on their existing agriculture-based education programs for kids to include Cannabis mentorship for young adults. Cannabis farming, when done efficiently, can be a profitable and rewarding career opportunity at any scale.

We strive to not only produce the best cannabis in NY but to mentor & empower the next generations of cannabis farmers!

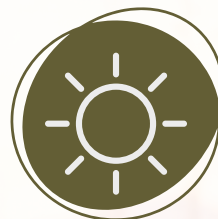

CLEANLINESS

Our grounds, plants and greenhouses are kept to an exceptionally high level of cleanliness and organization. Safe growing and handling procedures are at the core of our practices.

EFFICIENCY

We continually analyze our water, soil, sunlight and energy usage to ensure we are adjusting our environments to be the best they can be for the plants without being wasteful. All ideas welcome!

ORGANIC INPUTS

All inputs utilized on our farm are approved for use in organic farming and for the production of Cannabis. Integrative pest management practices such as beneficial insects and natural protectants are used to minimize pesticide use.

FAMILY SETTING

We love our team and we treat them like family! We believe a major part of our success is due to how much our people care about the plants, the operation and our mission. Empire Farm is not just a place to work!
